SMALL TOWN WISDOM (HELPFUL TIPS)
LEAD IN _HOST_ IT'S TIME FOR A LITTLE SMALL TOWN WISDOM WITH OUR RESIDENT EXPERT.
BILL: MY SMALL TOWN WISDOM TODAY IS THIS:
If a recipe calls for onions and garlic, don't put the garlic into the pan until the onion is nearly translucent.
Garlic cooks way faster than onions do. If you throw them in at the same time, it won't taste as good and the garlic will burn. It literally takes 30 seconds for minced garlic to cook.
